

Hello Sir your ascendant is Pisces and Navamsha belongs to Aquarius rising.

### NATAL CHART

## NAVAMSHA

As such there is no birth time error and the given birth time can be used for making predictions on your Horoscope.

For your information here is why I think your birth time is correct.

Your marriage date as stated by you is [28-04-2016](#).

On that day your 7th lord of navamsha i.e. Sun was making a union with 7th lord of D-1 i.e. Mercury which shows that your birth time is accurate, though still I think there is always a scope of fixing birth time which can affect finer division charts and I will do it as required.

## ASHTAKVARGA SCORE OF EACH PLANET

First of all it is important to know that Mars, Jupiter and Moon are the most auspicious planet in your Horoscope and are interconnected with each other which means 1st, 5th and 9th house are connected in your horoscope.

It a very auspicious combination in your horoscope and gives auspicious results in all matters of life.

Though this positive combination is countered by the interrelation of other malefic planets in your horoscope.

Planet Venus, Saturn, Sun are malefic planet in your horoscope and Mercury also acts like a malefic especially for your health because it is lord of 7th house i.e a maraka.

In your horoscope Venus is making a exchange with planet Mercury who is making a union with planet Sun.

Which means lord of 6th, 7th and 8th house are connected with each other, out of which Venus is aspected by Saturn whereas Sun and Mercury is aspected by Rahu.

This combination or inter relation of malefic planets in your horoscope is clearly countering the auspicious interrelation of lord of 1st, 5th and 9th house. In simple words your horoscope have both positive and negative sets of planets and here running dasha and transits are most important because dasha lord will decide whether the positive set of negative set will be active in your life.

Also, other factors like auspicious yoga, inauspicious yoga and revelant divisional charts will also have a say in final outcome.

Moon, Venus and Sun are in sign of debilitation in your Horoscope and all are getting neechabhanga. But out of all of them only Moon have capabilities to bless you with the good results of Neechabhanga Rajyoga.

Currently you are in Venus- Moon and both are involved with your Neechabhanga Rajyoga.

### **3. Veepreet Rajyoga.**

Sun being 6th lord is placed in 8th house creates a Veepreet Rajyoga for you. Though this placement of Sun being 6th lord can create health issues to you.

This yoga will give you initial obstacles but success will come for sure and will be big.

### **4. Gajakesari Yoga.**

In your Horoscope Moon and Jupiter are in mutual aspect relationship and thus creating a Gajakesari Yoga. Here more important is to see that it is also a Rajyoga by 5<sup>th</sup> and 10<sup>th</sup> lord.

These three auspicious yoga were found in your horoscope and also a rare yoga which is related with Venus is also present in your horoscope which is as follows:

### **5. Rajyoga by 8<sup>th</sup> lord Venus.**

As per Parashar debilitated lord of 6th, 8th or 12th house when aspects the ascendant creates a Rajyoga.

In your Horoscope Venus is lord of 8<sup>th</sup> house and is placed in 7<sup>th</sup> house in its sign of debilitation Virgo.

So this rare yoga is fully applicable in your Horoscope and since you are in dasha of Venus itself you are bound to get good results of it.

#### **6. Rajyoga by 5<sup>th</sup> and 10<sup>th</sup>.**

5<sup>th</sup> House is house of honors and position and its relation with 10<sup>th</sup> house is always considered in high regard. It gives one recognition and fame.

7. Apart from these powerful yoga and there are some other important yoga present in your Horoscope and they are as follows.

**7.1: Duradhara:** Mercury and Saturn in 2<sup>nd</sup> and 12<sup>th</sup> from Moon.

**7.2: Chaamara Yoga** by Moon in 9<sup>th</sup> house and Venus in 7<sup>th</sup> house.

**8. Jaimini Rajyoga:** Amatya karaka aspected by 10<sup>th</sup> lord, in your Horoscope Amatya karaka is Venus and is aspected by 10<sup>th</sup> lord Jupiter.

8.1: Atmakraka Sun with Matrukaraka Mercury: This yoga shows gains by land and inheritance.

8.2: **Mutual Aspect Of Amatyakaraka and Darakaraka:** In your Horoscope Amatyakaraka is Venus and is having mutual aspect relationship with Darakaraka Saturn. This Jaimini Yoga indicates success after marriage and gains from Marriage.

So we have seen some fine details on Rajyoga in your Horoscope now lets see what malefic combinations are present in your Horoscope.

Remember a Horoscope always have sets of benefic and malefic planets in them and a idea of magnitude of success comes after giving equal weightage to Rajyoga, Malefic Yoga and Dasha.

So in your Horoscope as mentioned in the very beginning that 6<sup>th</sup> lord is in 8<sup>th</sup> house making a union with 7<sup>th</sup> house lord,same time Saturn is aspecting your 7<sup>th</sup> house and Rahu is aspecting your 8<sup>th</sup> house from 12<sup>th</sup> house.

All this shows a direct relationship between malefic house 6<sup>th</sup>, 8<sup>th</sup> and 12<sup>th</sup> same time maraka Mercury is also involved with them.

In your case Health is very important aspect which should not be ignored at any cost because that what can cause a break in your growth flow.

You have already mentioned me that you had losses and health issues from 2011 to 2014 due to bad health and that happened because you were in Venus-Venus at that time sand Saturn-Rahu were transiting from your 8<sup>th</sup> house.

Let's see the various areas of your life using rules of Vedic astrology.

## **PERSONALITY**

Mars is placed in your ascendant which shows a brave and courageous nature of yours. Same Mars makes you a go getter and provide you the energy and confidence to handle any situation.

Mars is a natural malefic and can cause physical injuries in its dasha.

Mars also gives marks in face and same was confirmed by you during our pre analysis over phone.

In your horoscope Mars and Venus which is 8th lord is making a mutual aspect relationship which makes Mars afflicted and causes sudden bursts of anger in you.

Though direct aspect of Jupiter over Moon slows down that allow your anger to settle down fast.

## **MARRIAGE**

Here we need to focus on 7th house lord placement and a through Analysis of navamsha is also required here.

A parallel Analysis via Jaimini and Ashtakvarga should also be done here to measure the complete depth here.

In your horoscope 7th house is occupied by planet Venus whereas 7th lord is placed in 8th house with 6th lord Sun.

Mars and Saturn are aspecting your 7th house from ascendant and 10th house respectively.

In navamsha 7th lord is placed in 12th house where as Venus which is yogakaraka for navamsha is placed in 7th house.

Darakaraka which is Saturn is placed in 10th house and under aspect of Mars.

Note: Darakaraka represent Spouse(features of 7th house) and Ganatikaraka(features of 6th, 8th and 12th house).

Also, in Jaimini Analysis planets in dual sign aspect each other.

In ashtakvarga your 7th house have balanced 26 points and most importantly its lord Mercury is contributing 6 points to it whereas Venus which is placed in 7th house is contributing 5 points to 7th house.

All this shows that you have a love marriage(5th house lord Moon aspect over ascendant and opposition of Mars and Venus in 1-7 axis).

Your marriage is inter caste and your spouse is from a completely different background.

She is beautiful and have medium height.

She have good education and is working in a good capacity.

Most likely she will is middle child of her parents.

You in-laws will share a good relationship with you and will help you whenever you need them.

The only issues which I see here is health of spouse and arguments between you and her, especially during negative dasha( will mention it in dasha analysis)

In short marriage will prove helpful for you in terms of money and prosperity but during negative dasha there will be incidents which can bother your peace of mind.

Let's confirm all this through your Upa- Pada lagan.

Your Upa-Pada lagan is Libra (count 11 house from Saturn), you will that Moon is placed in 2<sup>nd</sup> house from it and Venus is placed in 12<sup>th</sup> from it.

Which means Upa-Pada lagan is in shubhkarti yoga though both benefics are debilitated here which despite all the goodness there will be few issues.

Also, 7<sup>th</sup> lord from Upa-Pada lagan Mars is falling in 6<sup>th</sup> house which also confirms the arguments which you guys will be having future

## **CHILDREN**

Here your 5th house and its lord need to be Analysed and same time Putrakaraka should be given equal weightage along with ashtakvarga bindus.

Not to forget D-9 and Saptamsa aka D-7 should be studied thoroughly.

D-7

In your horoscope Moon is fifth lord which is placed in 9th house and is under direct aspect of Ascendant and 10th lord Jupiter.

In the beginning it self I have mentioned that you have a Rajyoga formed by trine lords and 5th house is one of the participants here.

In Jaimini Analysis your Putrakaraka is Jupiter which is aspected by Atmakaraka Sun and Matrikaraka Mercury.

In ashtakvarga 5th house have good 28 bindus and most importantly Jupiter which have a aspect over your 5th lord Moon is contributing good 6 bindus to 5th house itself.

Also, I noticed that your Moon have full 8 bindus in Taurus sign where Jupiter is placed.

It not a coincidence and shows how good your kids are going to be.

As mentioned by you before that you have one Daughter who was born in Venus-Moon since Moon is 5<sup>th</sup> lord it allowed you a child birth and since she was born in 5<sup>th</sup> lord sub period she did not had any health issues.

Your next baby will be a boy and will born Venus-Rahu in period of March 2021 to November 2021.

## **CAREER**

For Career aspect we need to check condition of 10th house and its lord. Same time in navamsha also condition of 10th house and its lord should also be checked.

A parallel analysis of Atmakaraka, Amatyakaraka and Putrakaraka should also be done and for best results Karakamasha should also be Analysed.

Need to check ashtakvarga bindus in 3rd, 10th and 11th house also.

So in your horoscope 10th house lord is Jupiter which is placed in 3rd house under aspect of 5th lord Moon and Saturn is placed in 10th house.

In navamsha 10th house is empty and its lord is placed in 8th house with Ketu.

Whereas as per Jaimini Analysis your Amatyakaraka which is Venus is placed in 7th house and is in exchange with Matrikaraka Mercury.

Amatyakaraka Venus is aspected by Ganatikaraka Mars and Darakaraka Saturn.

Ashtakvarga score of 3rd house is 28, of 10th house is 31 whereas of 11th house is 32 bindus.

Now what is clearly indicating in your horoscope is that you will be well known for your work and your current profession will change

and most likely by [2022](#) you will be doing your own work where you will be consulting people.

There will be a extra work for you in future which is related to real estate.

Overall a good position and status you will have, there is a chance of good amount of fame in your horoscope and I will not say that it will enormous but atleast you will be known in your city.

Here I would like to answer one of Questions.

**Q. Is business related to Hotel or Restaurant suits me? You think I will own my own Restaurant some day?**

And, Yes work related to restaurant will suit you for sure. No doubt soon you will own your restaurant and I will suggest you to plan and prepare for it.

As mentioned before in pre Analysis you have significant amount of inherited land which is shown by 4th lord Mercury in 8th house and combined aspect of Mars and Saturn to it.

As per dasha it looks like that you start the construction or other initial work in Venus-Moon because Moon is 5<sup>th</sup> lord and is placed in your 9<sup>th</sup> house under aspect of Jupiter.

Remember direct relation between 5<sup>th</sup> and 10<sup>th</sup> house lord is a Rajyoga and planets are taking you towards the right direction.

But the start of actual work and earning will be from Venus-Mars which is starting from March 2018.

Now we need to see the time period when it is going to happen.

Here I will do a parallel analysis using Vimshottri and methods of Jaimini.

As I have mentioned above that Venus-Moon is indicating the start of process for your own restaurant and it will be completed in Venus-Mars which is starting in March 2018 and ending at May 2019.

If you look into your Jaimini Chardasha then you will see that you will start you will be in Cancer-Gemini till July 2017 and Cancer-Taurus till March 2019.

In order to understand the Chardasha application you need to switch your D-1 to Cancer first because main period of chardasha will be of Cancer.

From Cancer see where Karakas are falling with respect to Cancer sign.

Above Image shows that your Atmakaraka Sun and Matrikaraka Mercury is falling into 4<sup>th</sup> house which is a house of land, construction and even signifies work related to food and restaurant.

And 4<sup>th</sup> lord Venus is falling into 3<sup>rd</sup> house which is of business and same time Venus is your Amatyakaraka also which confirms that Cancer Chardasha will give you work related to food and restaurant.

Also aspect of Ganatikaraka Mras over Amatyakaraka Venus in 3<sup>rd</sup> house indicates that you will get the required funds via Loans.

And char dasha of Cancer-Taurus which is starting from July-2018 and ending at March 2019 is showing the completion and gains from it because Taurus falls in 11<sup>th</sup> from Cancer sign and Taurus sign have Putrakarka Jupiter in it.

So here I will put an end to Career analysis.

Let's Move on to Health part where I think you need to pay some attention.

## **HEALTH**

Health in a Horoscope is primarily seen from ascendant and its lord, same time resistance to disease and proness to injury is seen from 6<sup>th</sup> house and its lord and not to forget 7<sup>th</sup> house and its lord which are known as Maraka and Markesh should be given a special importance.

In your Horoscope ascendant lord is Jupiter which is under aspect of 5<sup>th</sup> lord Moon and is retrograde.

Your ascendant lord seems to be in a good shape but ascendant is aspected by 8<sup>th</sup> lord Venus is not considered as good and can give long term health issues which can be hard to diagnose.

But without looking into 6<sup>th</sup> house and its lord condition we cannot much about your Health, so in your case 6<sup>th</sup> lord is Sun who is debilitated in 8<sup>th</sup> house with 7<sup>th</sup> lord Mercury and same time Ketu is sitting in 6<sup>th</sup> house.

In other word a inauspicious union of 6<sup>th</sup> and 7<sup>th</sup> house lord is Happening in your 8<sup>th</sup> house where 8<sup>th</sup> lord is making a exchange with 7<sup>th</sup> lord.

It is warning sign and right now you are actually quite young but as soon as you with your 40 things will becomes not so favorable for you as far as Health is concerned.

You have mentioned me in your email that from 2011 to 2013 you and some health issues and I checked in dasha, at that time you were in Venus-Venus and Saturn was transiting through your 8<sup>th</sup> house and for 1.8 years in that period Rahu was also with Saturn.

No doubt that period was painful and full of agony for you and to avoid such situation you need to adopt a healthy lifestyle.

For your reference I will highlight the dasha where health is not looking favorable for you.

**Venus-Rahu, Venus-Saturn and Venus-Ketu demands extra efforts from your side.**

## **DAHSA ANALYSIS**

Venus-Moon is currently going on and will last till March 2018 and as stated earlier in Career section you will be planning and executing your dream plan of your own restaurant in it.

Health, Relationship and every other aspect will be good during this dasha and as such no issues are seen.

From 26<sup>th</sup> October 2017 Saturn will be leaving your dasha lord in its transits and from there you will be having more better time.

Venus-Mars: Easily Mars sub period is going to be the best period of your life so far, Mars is lord of 2<sup>nd</sup> and 9<sup>th</sup> house and is sitting in your ascendant itself.

Also, Mars is in Pushkar Navamsha and is aspected by Venus which is creating a rare Rajyoga as mentioned in the beginning of the report.

But due to Venus-Mars mutual association in 1-7 axis, I think there are chances of you to fall for other women and for your best interest it is best that you avoid it.

Venus-Rahu: This period is indicating two things first Health issues and Second abroad visits.

Also there will be unnecessary expenditure during this period best is to plan it wisely.

June 2021 is indicating some sudden gains in your life whereas October 2021 is indicating a ceremony in your spouse family.

Overall a period of expenditure for you though you will be earning in equal measure during this period.

Venus-Jupiter: I would say this will be this period will be the best 32 months of your life and you should try to make the most out of it.

Especially period from July 2021 to March 2025 will be the best period and as you can see during this time frame you will be in char dasha of Leo.

As you can see that from Leo your 10<sup>th</sup> house have Putrakaraka Jupiter in it, same way Darakaraka Saturn is in 5<sup>th</sup> house from Leo.

All this shows a win-win period for you.

Let's see the answers to your questions where I will give time period where specific events are likely to happen.

**Q. How will be my married life and where precautions are required.**

Answer: See there are mixed combinations in your Horoscope as far as Marital Disharmony is concerned.

7<sup>th</sup> lord is in 8<sup>th</sup> house with 6<sup>th</sup> house lord and we all know it is not a desirable position for 7<sup>th</sup> house lord. Though there is positive Jupiter aspect over 7<sup>th</sup> house and 7<sup>th</sup> lord (Jupiter is in retrograde state).

Same time auspicious aspect of 9<sup>th</sup> lord Mars over 7<sup>th</sup> house and its lord Mercury is also giving some scope of relief for you.

As mentioned in the beginning it self that Marriage will prove auspicious for career and money but due to bad placement of 7<sup>th</sup> lord there will be arguments with the spouse.

**Q. What are the chances of me to settle abroad.**

Answer: For abroad residence 4<sup>th</sup> house in a Horoscope should be afflicted and same time 12<sup>th</sup> house lord and role of Rahu should also be there.

In your Horoscope 4<sup>th</sup> house lord Mercury is badly placed in 8<sup>th</sup> house with 6<sup>th</sup> lord Sun, which is really supportive for abroad residence.

Also, your 12<sup>th</sup> lord Saturn is placed in 10<sup>th</sup> house and is aspecting 4<sup>th</sup> house from there which again confirm that you have bright chances of going abroad for a long period of time.

Your Rahu in 12<sup>th</sup> house equally supports that.

Now let's see your D-4 which have information regarding residence related matters.

D-4

In your D-4 Saturn is occupying the ascendant and 4<sup>th</sup> house have 12<sup>th</sup> lord Mars in it with exalted Venus.

Mars in 4<sup>th</sup> house with Venus shows prosperity in a abroad place.

Also, Venus is 11<sup>th</sup> house lord and in D-4, 11<sup>th</sup> house is very important because it shows fulfillment of desires.

Here is your D-4 see yourself how good it is for abroad residence.

D-4

## **Q.How is my wealth I future?**

For wealth and finance we need to look into 2nd and 11th house basically and there relationship with ascendant lord gives easy access to wealth.

When 5th and 9th lord gets involved with it, then the magnitude become very high.

Obviously we need to look into Laabh Mandook Hora or Indu Lagana for it also.

I prefer to see Laabh Mandook Hora instead of Indu Lagana.

And in the end Dasha plays a very important role in it.

In your horoscope 2nd lord is Mars and same is lord of 9th house also.

Mars is placed in Ascendant itself.

11th lord in your horoscope is Saturn and is placed in 10th house.

Which means 2nd and 11th house lord are in Kendra from each other.

Which means there is a relationship between 2nd and 11th house.

Most important to see here is that both 2nd and 11th lord Mars are placed in Sign of Jupiter who is making a direct relationship with 5th lord Mars.

So in other words your ascendant, 2nd, 5th, 9th and 10th house are connected with each other and is a Grand Dhanyoga in your horoscope.

Also, Jupiter is placed in sign of Taurus which is owned by Venus and Venus is aspecting your ascendant where Mars is placed and Venus is aspected by Saturn.

So Venus is also connected to your Dhanyoga here and shows how your spouse (Venus Karaka of Spouse) and Inheritance (Venus is lord of 8th house) will play an important role in rise of your wealth.

Now here role of Dasha is very important and currently you are in Venus Mahadasha till [2032](#).

And Venus-Moon, Venus-Mars, Venus-Saturn and Venus-Jupiter will give you significant amount of wealth and you have back to back 7 years to earn wealth.

And 7 year is a lot of time and it is highly advisable to make most out of it.

Now we need to look what kind of activity or direction from where you will be making money.

So for that we need to see that your Horoscope have two major indication first is your own work and second from abroad sources.

If we combine them business in india and abroad will give you major wealth.

And same is confirmed from your laabh mandook Hora.

In your Laabh Mandook Hora, ascendant lord Saturn is placed in 12th house and lord of 12th house is placed in 5th house aspecting 11th house.

11th lord Mars is placed in 3rd house aspecting 9<sup>th</sup> and 10<sup>th</sup> lord Mercury and Venus. Not to forget Mercury and Venus in 10<sup>th</sup> house are creating Dharmakarmadhipati Yoga.

## **LAABH MANDOOK HORA**

**Q.How you think my property will be in future like gains from real estate?**

Answer: For this we need to look into 4th house, Mars and Saturn.

In your Horoscope 4th lord is Mercury which is placed in 8th house with 6th lord Sun.

It shows some issues with your property matters and chances of loss in land deals.

Mars and Saturn mutual kendra relationship and Mars being placed in kendra to Saturn shows that despite the loss you will still manage the profits in the end.

## **REMEDIES**

You need two fold remedies where the first step is to increase the strength of your benefics i.e. Jupiter, Mars and Moon.

This can be done via using Yellow Sapphire of 2 carats for Jupiter, Red Coral of 4 carats for Mars and Sea Water Pearl of 1 carats for Moon.

Not to forget all these Gemstones should be of Jyotish Quality and for your own reference following features should be present in a Gemstone to make it work for Gemtherapy.

1. It should be natural.
2. It should not be heated or tempered in any way.
3. In case of Sapphires there should be clarity of atleast 90%.
4. They should be free from Dosha/Flaws mentioned in Vedic Hindu Texts.

5. They should be cracked.
6. They should not have any ugly marks over them.
7. They should be beautiful looking.

All these criteria are actually hard to achieve and that is why Gemtherapy works for only few people.

Now the other step is to pacify the malefic planets in your Horoscope which are as follows.

- 1.Ketu
- 2.Venus.
- 3.Saturn.
4. Sun.

Here either you can take each planet separately and perform remedies related to it.

Or you can read Vishnusahtaranaam Daily. Remember Vishnusahastranaam is mentioned in B.P.H.S by Sage Parashar and works for all kind of problems.

I will elaborate on this if you are interested in reading Vishnusahastranaam.

Otherwise visit temple as much as possible and pour a mixture of water, honey ,milk, ghee and curd in a utensil and after that offer some seasonal flower and fruits on it.

Sit there for a while a meditate on Shiva and if possible chant Mahamritunjaya Mantra.
